### AN EPIDEMIC OF DIARRHOEA.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. For sale by Patrick Bros. druggist.

### VIRTUES OF BUFFALO GRASS.

From Marianna correspondence in the Times-Union and Citizen of the 23rd inst. we extract the following:

"Uncle Sandy Bellamy, as he is generally known, is a native of Jackson county, although he has spent several years in Texas. When he returned he brought some seed of Buffalo grass. He thinks so much of its beneficial qualities he is anxious to get it well established all over the State. It grows very luxuriantly, he says, comes after other crops are gathered; dies down in winter; makes an excellent hay; after it is cut the stubble will come out and make seed. When planted in drills three feet apart, one seed will put out stalks enough to spread over a space four

feet in diameter. When sown broadcast it grows like oats. Stock is very fond of it. It is not like nut grass or Johnson grass—hard to get rid of, but has roots like oats. Any one wanting more information may get it upon writing to Mr. Sandy Bellamy, Marianna, Fla.

### IS IT RIGHT FOR AN EDITOR TO RECOMMEND PATENT MEDICINES?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventative of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Patrick Bros. druggist.

That the merchant who sells for CASH, and turns his money over often, can afford to sell goods at a very much lower price than one who sells on credit, and necessarily makes the good customers pay the loss on the other fellow.
